### HOW TO USE

The Bfilled Deluxe is a body safe silicone prostate massager with a uniquely curved head fills the spot you desire, while the flexible external stimulator tickles and teases its way through all 6 rumbly vibration patterns. Those new to prostate massagers will find peace of mind thanks to the smooth flared base, which helps prevent any unwanted travel.

Two powerful motors located in the shaft and external stimulator are powered by 2 x AAA batteries (not included) and operated by intuitive red backlit controls with dedicated on/off and function buttons.

To use, simply insert the batteries, secure the locking gate and press the power button. Press the function button to alternate intensity and explore all 6 functions. To power off, simply press the power button again.

### MAINTENANCE

**CARE:** The Bfilled Deluxe is made from nonporous and easy to clean silicone. The easiest way to clean your toy is with soap and warm water and leaving to air dry. Or if you prefer, there are many high quality toy cleaners available.

**LUBRICANTS:** B Swish recommends a good quality water based lubricant be used with the Bfilled Deluxe.

### CONTENTS

- 1 x Bfilled Deluxe
- 1 x Discreet storage pouch
- 1 x Instruction Manual
